DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 59,67,76 are rejected under 35 U.S.C. 102(b) as being anticipated by Imai (US 5483056).

Re clms 59,76: Imai discloses an exposure apparatus comprising: a first illumination system (5,6,9) and a second illumination system (11,13) wherein a mask blind is disposed in a boundary portion of the first illumination system and the second illumination system (10).

Allowable Subject Matter

Claims 87-101 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose or suggest the claimed structure of the invention including a plurality of movable optical members or a fixed blind in conjunction with the claimed subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claims 60,61 and 77-86 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: the prior art of record fails to disclose or suggest the claimed structure of the invention including a sealed optical path or a field stop or an optical member having a driving member in conjunction with the rest of the claimed subject matter.

Response to Arguments

Applicant's arguments with respect to claims 59-61,67 and 76-101 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
